

Coronavirus COVID-19 Update

COVID-19 IS IMPACTING ON ALL OF OUR LIVES AND AT THIS TIME OUR PRIMARY CONCERN IS THE SAFETY AND WELL-BEING OF THOSE WHO WORK WITH US AND OUR AUDIENCES.

We are also intent on securing our continuity and ensuring that we are here for you to enjoy in the future. As a registered charity we have to carefully plan our next steps.

Based on the Government's strong advice yesterday to avoid public gatherings in spaces such as theatres, we are reviewing the schedule for our Festival 2020 programme. This is an evolving situation and we thank you for your patience as we work through the appropriate response.

We will be in a position to share more detail by the end of March but in the meantime, should you need further information, please email our General Manager on **irondraw@btinternet.com** or telephone **01227 786111**.

The full programme for the 2020 Festival is now available on the Website.

The Astor Community Theatre has closed for the foreseeable future – the box office should open on the 6th April but we will be updating our Website so please do check this.

Willie Cooper
General Manager
